Under these conditions the stomach, liver and blood-

There is a dull and sluggish feeling often accompanied by headache. The heart may seem affected. There may be lack of ambition and energy with mental irresolution. With such symptoms as these "delay is dangerous." Such a condition affords the favorite starting point for consumption. It is useless to "doctor" for the symptoms. The remedy that reaches the case must reach the cause of disease. The greatest medicine for all diseases of the stomach and other digestive and nutritive organs is Dr. Pierce's Golden Medical Discovery. It restores the appetite, re-establishes a sound digestion, purges out the bilious poisons which infect the blood, carries off waste and builds up sound and healthy tissues.
